

STATE OF MAINE  
PUBLIC UTILITIES COMMISSION

Docket No. 98-148

February 4, 1999

Gardiner Water District  
Application for Approval of Issue  
of Securities (§ 902) (\$2,215,856 &  
**\$1,058,144**) Bonds - 2 Issues

**AMENDED ORDER**

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

---

On February 26, 1998, Gardiner Water District (the District) filed with the Commission its application for authority to issue its bond in a sum not to exceed \$2,215,856 through the State drinking Water revolving Loan Fund, administered by the Maine Municipal Bond Bank, at a rate not to exceed 5.0 percent. The debt will be paid over a term not to exceed 20 years. The District also requests approval of a bond to be issued through the Maine Municipal Bond Bank in a sum not to exceed \$1,674,144 at a rate not to exceed 7.0 percent over a term not to exceed 30 years. This bond is proposed to be issued in the spring of 1999.

**In a letter from the District dated January 21, 1999, the District requested that the \$1,674,144 loan approved in this docket through the Maine Municipal Bond Bank at a rate not to exceed 7.0 percent be replaced with a bond in an amount not to exceed \$1,058,144, through the State Drinking Water Revolving Loan Fund, administered through the Maine Municipal Bond Bank. The interest rate will not exceed 5.0 percent over a term not to exceed 20 years.**

Pursuant to an Amended Delegation Order dated January 9, 1996, in Docket No. 93-169, the Commission delegated to the Director of Finance its authority under 35-A M.R.S.A., Chapter 9, and 11, to approve water utility financing applications, including those that involve mortgaging utility property, for MMBB, RECDA and their successors. This delegation in no way limits the Commission's authority to review the decision of the Director of Finance pursuant thereto or to directly consider requests for variations. The Director of Finance's approval shall be in the form of an Order, copies of which shall be maintained in the files of the office of the Administrative Director.

The Gardiner Water District required these funds to replace a treatment facility (\$2,215,856) and for **completion of a water filtration station. (\$1,058,144)** The main replacement projects included in the original application was not done due to the stipulation in the rate filing, Docket Number 98-368.

Having reviewed the application of the District, together with data filed in support of it, it is the opinion of the Commission that the proceeds of the issuance of the bond are required in good faith for the purposes enumerated in 35-A M.R.S.A. § 901. In approving this securities issue, consistent with normal practice and pursuant to § 902(4), the Commission does not imply approval of the District's capital needs or capitalization ratio for ratemaking purposes, nor does this Order limit or restrict the powers of the Commission in determining or fixing any rate.

Accordingly, pursuant to the Amended Delegation Order dated January 9, 1996, in Docket No. 93-169, I

O R D E R
